
Images From the 1st SVM Photo Contest

02/15/2022

The path to becoming a veterinarian is challenging, but it also comes with memories that last a lifetime. Students in Utah State University's School of Veterinary Medicine submitted almost 150 photos chronicling all aspects of their experience in their first and second years of the WIMU Regional Program, from relocating beavers and palpating cows to ice-skating and a Friendsgiving feast. Below are the top 20 photos from the contest (in no particular order), including the first-place winner, who received a \$25 Amazon gift card.

While these images are appropriate for a general audience, please be aware that vet school can get messy, and some of these pictures reflect that.
